

## An Event for Homeschool Students

Homeschool Scientific Inquiry Laboratory  
May Memorial Library, Burlington  
Friday, February 24, 2012  
9:30 a.m.–12:30 p.m.

Morehead Planetarium and Science Center educators will be at May Memorial Library to teach “Code Red: How the Circulatory System Protects Your Body.”

Students will:

- Learn about the composition and physiology of blood through hands-on activities.
- Analyze the genetic and cellular basis of blood to understand the real-life importance of blood typing during transfusions.
- Test simulated blood samples while conducting an experiment on board a Morehead traveling science laboratory.

The “Code Red” learning activities are aligned with the North Carolina Standard Course of Study for 7th Grade Science.

\$50 per student (fee includes all classroom and laboratory supplies)

Space is limited for this opportunity, so be sure to register soon!

**HOW TO REGISTER:** Registration forms are available at the front desks of all Alamance County Public Libraries.
